ANZ

Quick overview

- **Amount:** \$3 000 - \$40 000
- **Term:** 6 months - 7 years

The screenshot shows the ANZ website's 'Personal loan repayments calculator'. The header includes the ANZ logo and navigation links for New Zealand, Join ANZ, Find a branch / ATM, Help, and Contact us. The main navigation bar lists Personal, Business, Institutional, Rural, About us, and Banking with ANZ. The calculator is titled 'What will my ANZ Personal Loan repayments be?' and includes a sidebar with links to 'About ANZ Personal Loans', 'Debt consolidation', 'Managing your loan', 'What you need to apply', 'Personal loan calculators', 'Personal loan repayments calculator', 'Debt consolidation savings calculator', and 'A-Z Review'. The calculator form asks for the loan amount (with a text input field containing '5') and the repayment term (with dropdowns for '7 years' and '0 months', and a '?' icon). A 'Calculate' button is at the bottom. A disclaimer section at the bottom states: 'Subject to you holding or setting up an ANZ everyday account (such as ANZ Freedom Account, or ANZ Go Account). This calculator provides an estimate/illustration only and is based on the accuracy of the limited financial information provided by you. Results are based on amortised scheduled repayments with a constant interest rate for the term of the loan. This is not an offer of finance by ANZ and a full lending application will need to be completed. The information stored in this calculator will be passed between calculators and our online application form for your convenience, but will not'.

A representative example

Loan amount \$3 000 borrowed and fully repaid after 5 years of using

the loan. Total amount payable = \$4 750. The fee would be \$1 750.
